

Barb McGuire's Helpful Tips for Mixing Beautiful Pearl Colors Using Premo! Sculpey Metallics and Pearl Colors

You don't have to be satisfied with colors straight out of the package. By mixing combinations of colors, or by adding black and silver, you can create wonderful shades and tints. Here are some recipes for some of my favorite metallic blends!

Materials and Tools:

- Packages of Premo! Sculpey
 - Gold 5303
 - Pearl 5101
 - Blue Pearl 5289
 - Green Pearl 5299
 - Copper 5018
 - Black 5042

1 part Green Pearl
1 part black
= Forest Pearl

1 part Blue Pearl
1 part Green Pearl
